My name is Otis. I am an owl. Have you heard an owl hoot before? I have a big face and large eyes. I have strong legs and sharp claws called talons. I have big wings and soft feathers. I sleep during the day and hunt for food at night. I like to catch rats and mice. I can see and hear things that are very far away. **Stuck in the desert**

**Read the following story and then complete the tasks below:**

Last year, I was on holiday with my daughter in Egypt and as both of us love the pyramids and the desert, I hired a car so we could enjoy them both around late afternoon. After driving for nearly an hour on a lonely road leading to the pyramids, the engine of the car started making a strange noise and then it broke down in the middle of nowhere. We could not believe it. I told myself perhaps I could fix the problem if it was simple, but I quickly realised that the problem was more serious. I looked around hoping to find someone who could help us, but there was nobody to be seen. The heat was unbearable and we only had a bottle of water with us, which by now was hot. As we were waiting, I couldn't help feeling helpless, especially being in a foreign country and its language I could not speak. It wasn't until an hour later that a car appeared and the driver stopped to help us. Luckily, after a quick look, it seemed as if he knew what was wrong with the car. Fifteen minutes later, he was able to get it working. I could not find the words to thank him. All I could say was 'Shukran', which is thank you in Arabic. He was well impressed with my little Arabic and drove off.
